SECRETARY'S MESSAGE

Smt. Sujatha Lingareddy Secretary

Children are the architects of the future. A future that can either be bright, colorful and full of promise or dark, dismal and pessimistic. It depends on the teachers and the journey of teaching and learning. I believe gone are the days of dreary classrooms filled with monologues focused on memory and drill. The classrooms have to be energizing, fun-filled and promoting inquiry and valuing learning for itself. Today's children are creative, driven to achieve, collaborate and focused on innovation. The boundless energies need to be supervised and molded in the right direction with great patience, faith and perseverance. I think this glorious task can be executed by the teachers, who are at the helm steering the ship of the child's destiny towards a commendable zenith. Besides imparting quality education, an empathetic approach is also our tradition. My heart fills with pride and immense pleasure when I see my students reaping in the benefits of quality education and becoming creative, innovative as well as the real citizens of 21st century through the utmost skills.

Mr. B.L Amogh Vice President
